The advantages of amadeus sliding elements

Design

amadeus' slim and frameless sliding elements give the house a floating appearance.

Personalization

The sliding elements are individually designed according to our customer's wishes. Heights of up to 6 m are possible.

Options

Motorization, insect and sun protection as well as automated opening processes can be realized.

Accessibility

amadeus' barrier-free transition connects you to the nature outside. amadeus gives you the feeling of unlimited possibilities.

Handles

Handles can be selected from our assortment or custom-made.

Delivery time

On-schedule delivery is standard for amadeus. It occurs promptly and punctually. Because reliability is our strength.

The timelessness of right decisions

Possibilities and variations enrich our lives. And it is nice to know which option is the best for you. The right decision is always timeless. Things that are important to us inspire us. These feelings let us know who we are and where we belong. Design is so much more than just a trend or lifestyle.

Design is an expression of individuality. Truly good design is invisible and inspirational.
